Dear Mr. Francis

Re: Safer Roads Humber Safety Cameras

Thank you for your recent enquiry regarding the Safer Roads Humber annual report.

The Department for Transport sets the framework for the report and the values used in transport analysis guidance for the benefits to society from the prevention of collisions. Whilst I respect your right to your viewpoint, your concerns have been addressed through this authority's formal complaint system, Humberside Police and the Independent Police Complaints Commissioner. I have nothing further to add.

Yours sincerely

Councillor Chris Matthews
Infrastructure, Highways and Emergency Planning
